

AMENDMENT

In the Specification

Please replace paragraph **1001** of the Specification with the following paragraph:

[1001] The present application is ~~related to co-pending Application No. (To be assigned),~~ a continuation-in-part application of U.S. Patent Application No. 09/985,415, entitled "System and Method for Web Browsing," which was filed on November 2, 2001; which in turn is a continuation of U.S. Patent Application No. 09/498,079, entitled "System and Method for Web Browsing," which was filed on February 4, 2000, and issued as U.S. Patent No. 6,313,855 on November 6, 2001. The present application is also a continuation-in-part application of ~~claims priority to~~ International Application No. PCT/US01/03360, which was filed on February 2, 2001. The contents of all three of the above-mentioned ~~co-pending~~ applications are hereby incorporated by reference.
